Supplementary Private Use Area-A

Range: F0000–FFFFF

The Supplementary Private Use Area-A block encompasses the entire range of Plane 15. The range U+F0000..U+FFFFD is entirely designated for private use. The last two code points on the plane, U+FFFFE..U+FFFFF, are designated noncharacters. Consequently, no character code charts or names lists are provided for the majority of this block, except that a chart and names list are provided for the last 128 code points, to show the location of the noncharacters. See http://www.unicode.org/charts/PDF/UFFF80.pdf

See http://www.unicode.org/charts/ for access to a complete list of the latest character code charts.

About This File
